PLEASE HELP!

FORCED COVID-19

VACCINATIONS!

Forced Covid Vaccinations ...

We Don't

Author and Legal Scholar Alan Der-showitz Stated, with regard to Covid-19, that whether you agree or not "You have no constitutional right **not** to be vaccinated. **"You will have to be vaccinated."**

YOUR PAPERS, PLEASE!

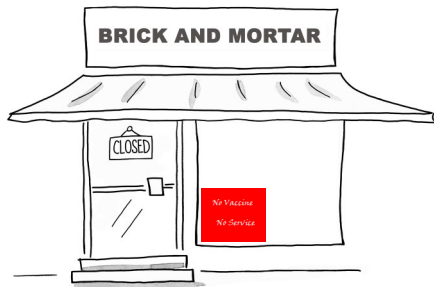

*"Nobody's talking about coming to your house, holding you down and vaccinating you, 'however.. **Refusing to follow a mandate could mean a fine, tax or other penalty.**"*

Dorit Reiss, California Law Professor - expert on legal and policy issues related to vaccines, NOTE: In 2019, New York City required people living in Williamsburg, Brooklyn to get the measles vaccine, prove they've already had it, or face a \$1,000 fine.

AND HE'S ON OUR SIDE???

Vice President Mike Pence, in a 2020 Labor Day speech, indicated his faith that **we would defeat Covid with** a vaccine. Not social distancing, nor masks, nor even medical treatment, but **for sure... a vaccine.**

Shot Heard 'round the World

IS THE COVID GUN ALREADY LOADED?

In August, 2020 **CDC Director Robert Redfield, M.D.**, announced that all state governors should be prepared to administer a Coronavirus vaccination, noting that his agency had already contracted with pharmaceutical distributor McKesson Corporation to deliver hundreds of million of doses. **U.S. taxpayers have already been forced to pay billions of dollars \$\$\$** for research & production of Covid-19 vaccines

FROM CRADLE TO GRAVE

D.C. Council Law— Children 11 and Up to be vaccinated Without Parental Consent - Sponsors of BILL 23-0171 in the District of Columbia intend to create a government mandate which **excuses schools, medical providers, and insurance companies from notifying parents that their children will be vaccinated!**

Any Question?

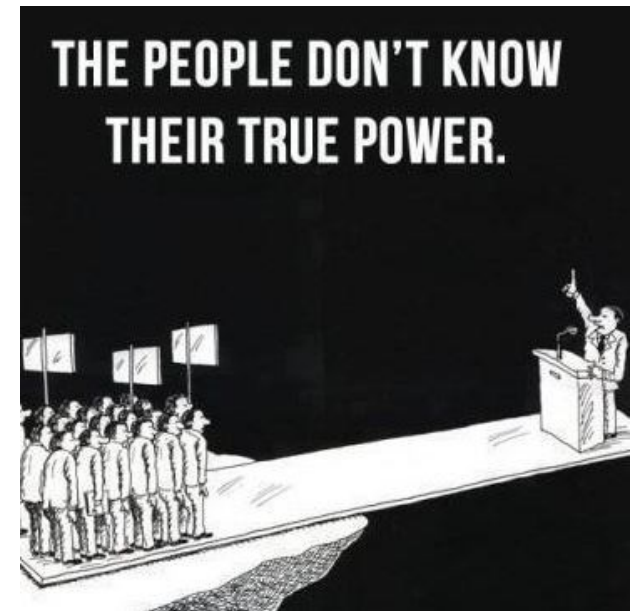

Our goal is to ensure that all American Citizens have the option to make their own health care decisions. Yes, there are many questions to be answered, but it's obvious that forced vaccinations are just around the corner **if we the people** stand by and do nothing. Can we count on you to help maintain our Freedoms and Liberties.

Please go to the back cover to get more details on what is happening locally and nationally. Be sure to ask about our freedom and liberty zone projects.

WHO ARE WE!!!

WE are your family, friends and neighbors **AND WE** are concerned about all of our health care choices. The truth is that we cannot stop these forced vaccinations and what follows without your help. Please take the next step and join with us in securing your health care freedoms and liberties starting in your own community.

“The people...are the only sure reliance for the preservation of our liberty.” -Thomas Jefferson, Letter to James Madison, 1787
