

**RESOLUTION of FRIENDS of LIBERTY UNITED (FOLU)
Regarding Vaccinations & a Microchip**

Whereas the Declaration of Independence declares all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness and

Whereas, there are elected officials within government who are openly promoting the violation of these rights by forcing people to be vaccinated and by introducing the COVID-19 Testing, Reaching, And Contacting Everyone (TRACE) Acts H.R. 6666 and S. 3624 and

Whereas Alan Dershowitz, an attorney for President Trump stated, “*You have no constitutional right to endanger the public and spread the disease, even if you disagree. You have no right not to be vaccinated, we have to be vaccinated*” and

Whereas the videos at <http://thephaser.com/2020/08/italy-blows-the-lid-off-vaccine-scam-globalist-eugenics/> ; <http://thephaser.com/2020/08/warning-do-not-take-the-c0vid-vaccine/> and https://www.youtube.com/watch?v=fK_8Yic0j7c describe the potential danger associated with certain vaccines and the development of what might well be the “Mark of the Beast” and

Whereas citizens have the Right to decide which if any vaccinations to take and the items to be injected into their bodies and who vehemently oppose such vaccinations and insertions and refuse to allow their unalienable Rights to be violated and,

Whereas governments insistence to violate peoples unalienable rights could easily precipitate a civil war, therefore

Be it Resolved Friends of Liberty United’s position is that City Councils, County Boards of Supervisors or Commissioners and/or State Legislatures should exercise their rightful powers of interposition and nullification and pass legislation declaring their jurisdictions to be “sanctuary” Cities, Counties and States in which their citizens cannot be compelled to be vaccinated or to have foreign items inserted into their bodies but are free to receive them should they so desire, and

Be it further Resolved that every County Sheriff inform their constituents that they will honor their oath by not allowing them to be forcefully vaccinated or to have an unwanted item inserted into their bodies against their will and that to be sure she/he is capable of supporting her/his position she/he is calling upon every able bodied person possessing a weapon and who is proficient in its use to register with her/his office for possible deputizing to help enforce the law should the need arise.
